

STORY / Oscar's Tower of Flowers by Lauren Tobia  
CRAFT / Oscar's Flower Cart

You will need to print out the plant template pdf.  
(If you don't have a printer you can cut out your own plant and leaf shapes from paper or card)

To find at home:

- Scissors
- Glue
- Lollipop sticks
- Paints, felt tips or crayons

Optional:

- For a vase: Clean yogurt pot
- For Oscar's red cart: Small cardboard box from your recycling box
- Paper, card or cardboard

What to do:

Colour in the template sheets.

Ask an adult to help you cut out the leaf, plant and flower shapes.

Glue the plant, leaf and flower shapes to the lollipop sticks – you can colour the lollipop sticks first with felt tip pens or paints.

Pop your plants and flowers in a little cup or yogurt pot to display them.

If you'd like to make Oscar's red cart you can paint or colour a small cardboard box red and cut out wheels to stick on with glue. Ask a grown up to help you poke holes in the top of the box to slot the lollipop sticks into.
